## About This Game

Atom Universe is a Free-to-Play social Virtual World: a theme park featuring fun people and fun things: plenty of games, rides and amusements, as well as advanced social interactions.

Atom Universe is the best place to hang out: Everything you've ever loved about Fun Parks is here for you! From Carnival games like Coin Pushers, Shooting Galleries, Whack-a-Mole and Skee-ball to big ones like Bowling, Mini Golf and Batting Cages, to the REALLY big ones - Ghost Trains, Rollercoasters and Karting.

And the BEST thing about Atom Universe is that you can do all of these things in the fine company of other people - bring friends along or come and meet lots of new ones!

Atom Universe is first and foremost a hub for people to meet, chat and socialise. It's essentially like a chatroom, but with loads of fun to have alongside. All of our games involve some sort of element of multiplayer, some competitive and some co-operative, so you will always find people to get involved with!

Constantly evolving and growing, offering more things to explore all the time, Atom Universe is the funnest place not on Earth!

This game is total\u2665\u2665\u2665\u2665\u2665 and a complete waste of money.

DO NOT RECOMMEND!!!. I bought it on a whim and couldn't stop laughing. Is it worth a buy eh?? u figure that one out but its good in my book. (wait for a sale). + Great DLC with alot of stuff to do.

- But just cost a little too much.. This is very good for an Early Access game. It doesn't have much content as the original M.S.F series as of now, but more is soon to come, Its worth it.. This is a great take on the classic Minesweeper. I enjoyed playing this game, but the only issue is that it made my computer hot fairly quickly, even on the lowest quality setting. Other than that, it definitely exceeded expectations for the price.. The Wizards Pen is a decent little puzzle game. However, it would be more enjoyable with music in the background. It is definitely a game that I would play in small amounts. It does have a lot of content and different kinds of puzzles. I had an issue with fullscreen play and resolution being so off I couldn't see the whole screen with now way to edit that. I had to play in windowed mode which made some of my puzzles hard to play. Overall it was a nice game for casual play.. love the game, please add more dlc I willing to buy more. Simple, fun, and funny as hell.

This game♥♥♥♥♥♥♥♥my♥♥♥♥♥♥♥♥ Why did I got myself 2D Dark souls in retro edition ?. This is a terrible game\program. It could really use some sharks with laser beams or something maybe a man who chases you and throws shoes. Seriously don't waste your time.. 10\10 Fun game , enough balanced stealth mode. I want to believe !. First off the important item--lol--getting the H patch to work took me 2 hours compared to 5 minutes for Army Gals and Sakura Swim club combined. I am sure people with better computer skills can do it quicker but the average consumer is in for a challenge. Think of it as an unadvertised mini-game--lol. The game is basically Hunie Pop with out the marble matching or date gifts or anything but flirting and sex. The game has a few jokes and is done tongue in cheek fashion. I got it for under \$3 and at that price it is a recommended buy, if you like short silly stories. Not erotic imho or pornographic but amusing. The sexual content it is not for children with or without the patch. It is SHORT.. Minimalistic logic based puzzle game. To me, it's very fun and challenging. A very simple base mechanic is used in interesting ways that make you scratch your head. Judging from the level select screen, I think it'll take me about 3-4 hours to beat it, which is good value for a \$5 puzzle game. I would definately recommend it, especially if you enjoyed games like Hexcells.
