Sleeping Dogs - Tactical Soldier Pack is DLC for Sleeping Dogs. In it, you gain access to a specific weapon in your apartment, as well as a cosmetic outfit which reduces damage. The weapon is fun, but it's kinda buggy and does not always spawn properly in your apartment, and frequently simply carrying the gun will set off the police if they spot you, so it can be more trouble than it's worth. If you really want more content, sure, pick it up, but for most people, it's not worth the price.. Wait for a sale, it's a decent pack, but not worth full price.. no i do not. i have serious input lag after buying this. I want my refund!!!!
